

David "Diver Dave" Jensen

Director of Scuba Operations / PADI Master Instructor

David first thought about SCUBA at a young age as he grew up watching James Bond films. His Certification Dive was done at Blue Lake on the Utah/Nevada border. This is a geothermal lake that stays relatively warm year-round. He recalls that it was snowing when he was beginning his last dive. "It was cool getting into geothermal waters; the cold air and snow on your face and the warm water on the rest of your body."

Certified in 1992, David has loved diving and learning everything possible to make him a better Instructor. He also enjoys rock climbing, skydiving, the outdoors, and traveling.

David's Diving Experience

Utah Lake Diving; Lake Mead; Southern / Northern California including Catalina Island, Santa Cruz, Santa Rosa, Anacapa, San Clemente; Hawaii, Oahu, Maui & Molokai.

Teaching Experience

Open Water, Advanced, EFR, Rescue, Divemaster, and Assistant Instructor
