

## **Robin “Skoodur” Bronner**

### **PADI SCUBA Instructor**

Robin got certified right here in the South Bay 17 years ago with her mom as her dive buddy. Her mom knew that diving was in her blood ever since she discovered Robin breathing underwater off of the bubbles in their Jacuzzi! Since then, she has traveled the world to enjoy a variety of SCUBA experiences.

When not teaching SCUBA diving, Robin works as a First Assistant Director on television shows such as “ER”, “Cold Case”, and “Gilmore Girls”. She has been a member of the Directors Guild of America for 10 years.

Robin decided to become an Instructor in 1994 in order to share her passion for the ocean and diving with others. Robin also spent two years working as a Divemaster on the dive boat Sea Bass.

### **Diving Philosophy**

Take only pictures and leave only bubbles. I feel very strongly about conservation and I believe that it starts with education, for divers and non-divers alike.
