

Scuba Review

Anyone with a valid Open Water Scuba Certification or higher can sign up for this course. The PADI Scuba Review Course is designed to review and update the knowledge and skills of certified divers – particularly if you have had an extended period of inactivity in diving.

This course is beneficial to improve your diving skills if you haven't been diving for awhile. You may also want to consider the *Advanced Open Water Course* and/or a *Specialty Course* after the completion of Scuba Review.
